Key Features

Key Features

- **Material:** Corrosion-resistant metals, borosilicate glass, and durable polymers
- **Application:** Pharmaceutics, pharmaceutical chemistry, dispensing pharmacy, and pharmacognosy training
- **Precision:** Calibrated instruments for accurate formulation and testing results
- **Customization:** Available in different capacities and configurations to suit lab size
- **Compliance:** Manufactured under ISO 9001:2015 quality standards
- **Safety:** Built-in safety features for handling pharmaceutical substances
- **Maintenance:** Designed for easy cleaning, calibration, and long-term serviceability

Ordering & Delivery

- Send the product name, quantity, delivery country and destination with your enquiry.
- Production schedule, freight, payment terms and export documents are confirmed in the written quotation.

Frequently Asked Questions

Q: What is pharmacy lab equipment used for?
A: Pharmacy lab equipment is used for drug formulation, dispensing practice, and pharmaceutical quality testing in academic and professional pharmacy settings.

Q: Is the equipment suitable for both teaching labs and functional pharmacy operations?
A: Yes, our pharmacy lab equipment is suitable for academic training as well as day-to-day pharmaceutical formulation and testing work.

Q: Can pharmacy lab equipment be customized based on lab requirements?
A: Yes, SCIENTICO offers customization in size, capacity, and configuration based on institutional requirements.

Q: Does SCIENTICO provide calibration support for pharmacy lab instruments?
A: Our instruments are factory calibrated, and guidance is available for maintaining calibration accuracy over time.

Q: Is international shipping available for pharmacy lab equipment?
A: Yes, SCIENTICO exports pharmacy lab equipment to institutions across Africa, the Middle East, Asia, and the Americas.

Q: What certifications does SCIENTICO hold for its lab equipment?
A: SCIENTICO is ISO 9001:2015 certified and CE marked on applicable products, ensuring consistent quality and international compliance.
